For Immediate Release

TRAIN SETS IN ULU YAM DO NOT BELONG TO PRASARANA

KUALA LUMPUR, 24 OCTOBER: Prasarana Malaysia Berhad (“Prasarana”) today confirmed that the LRT train sets, allegedly abandoned and became the subject of a viral YouTube video recently, are no longer the property of Prasarana.

The ownership of the train sets was transferred to CSR-Zhuzhou in 2014 as part of the buy-back programme for the purchase of fifty (50) sets of new trains that are currently being used to operate the LRT Ampang – Sri Petaling line.

“CSR-Zhuzhou has since confirmed that the train sets were subsequently disposed and sold in 2016 to a third party, which then stored the trains in a private land in Ulu Yam. As these are neither Prasarana’s assets nor our responsibility, it would not be appropriate for us to make further comments on the matter,” the statement concluded.
